KIEV IN FINE FETTLE

Stable Companion of Osmand Creates Favorable Impression.

Candy Queen Luckily Escapes Injury—King Nadi Works Fast Three-Quarters.

LOUISVILLE, Ky., April 9.—The track again was muddy at Churchill Downs today, due to more rain overnight, but as the course has a firm bottom, training operations were not hampered to any great extent. The work of preparing the Kentucky Derby candidates continued and, during the regular work hours, a large number of the three-year-olds were given useful trials that tested their mud running qualities.

Kiev, Royal Julian, Candy Blackbird, Candy Queen and War Eagle were seen in the more important gallops and their trials were excellent. Osmand was not called on for strenuous work.

The work of Kiev from the J. E. Widener stable, attracted a lot of attention and evoked favorable comment. The gray colt, with Laddie as a pacemaker, made a fine impression when he rattled off seven-eighths in 1:35⅗ and pulled up in great condition. The pair began at the seven-eighths post and worked back to the stand. Laddie, which broke in front, was overhauled by Kiev before the first sixteenth had been covered. Kiev easily led his competitor for the remainder of the distance. In the final quarter Kiev was so eager to run that he almost unseated his rider, who was hard put to keep the colt under control. The fractions were: :13, :25, :51⅕, 1:05⅗, 1:19⅘, 1:35⅗.

NARROWLY AVOIDS COLLISION.

Candy Queen went out unaccompanied and galloped a mile at an easy pace in 1:50. The filly almost came to grief after she broke, when a two-year-old got in her path and her rider, Leo McDermott, was forced to pull her up sharply to avoid collision and possible injury to H. T. Archibald's crack filly. Had Candy Queen been going at a rapid pace, an accident would have been unavoidable. Her fractional time was: :27⅕, :40, :54, 1:21⅗, 1:50.

Candy Blackbird, another Archibald Derby entry was galloped six furlongs in the company of Candy the Great. The fractions were: :26, :38⅕, :52, 1:05⅗, 1:20⅗.

Royal Julian again gave evidence of his advanced condition and showed his mud running quality when he breezed a mile easily in 1:49⅗. The Whitehouse colt went along at an even pace, the fractional time being :53, 1:19⅗ and 1:49⅗.

WAR EAGLE ON EDGE.

E. B. McLean's War Eagle, winner of the Miami Cup, was given his first test since his arrival from New Orleans. He was sent five-eighths in the comparatively good time of 1:05⅗. The watches caught him at the quarter in :27⅗, three-eighths in :39⅗ and the half in :52⅗. The colt is well seasoned and ready to race whenever called upon.

The outstanding trial of the morning and the most impressive of the entire spring season was when King Nadi, candidate for the rich Clark and Grainger Memorial Handicaps, was set down for three-quarters. He negotiated the distance in the good time of 1:15⅗. The five-year-old, which has been in training all winter, displayed keen speed and proved his worth as a mud runner. He covered the quarter in :24⅕, three-eighths in :36⅕, half in :48⅗, five-eighths in 1:01⅗ and breezed out the three-quarters in 1:15⅗. It was the fastest three-quarters of the season. It was not excelled by any other locally trained horse, even on a fast track.

DELAWARE BILL DEFEATED

BOWIE, Md., April 9.—News was received at the track of the result of the racing bill in Delaware with some regret and also with some congratulation, by reason of the close count. The bill to provide for a commission and the legalizing of the sport passed the senate by a vote of 9 to 7 and it resulted in a tie vote in the house. While this defeated the measure and the legislature adjourned later, it means there can be no action for another two years, but such a close fight heartens friends of the sport to continue the fight to have Delaware added to the turf column.

OPTION ON MORRISSEY FARM

LEXINGTON, Ky., April 9.—Mrs. Clark Pack of Brooklyn, N. Y., has obtained an option on Kempland Farm, the breeding establishment of starter Harry Morrissey. If she exercises the option, which expires May 1, the farm of 140 acres will be used for breeding and raising saddle horses.

NOMINATIONS FOR FAIRMOUNT DERBY

One Hundred and Twenty-Five Three-Year-Olds Named for the $25,000 Feature of Collinsville Spring Meeting

COLLINSVILLE, Ill., April 9.—The leading owners of America have nominated their best colts and fillies for the Fairmount Derby, to be run Saturday, June 4, and in the list of eligibles made public today by general manager C. Bruce Head will be found nearly every three-year-old of note in this country. The race will have an added money value of $25,000.

A feature of the list is the number of colts bred in England that have been nominated. These imported candidates include The Satrap, the best two-year-old of the 1926 racing season in England; Justice F., winner of the Tijuana Derby; Kentucky II., Kiev, a gray son of Stefan the Great, and Enthusiastic Edward.

Another feature is the number of sons of Man o' War that have been named. These include Purple Pirate, War Eagle, Ship o' War and Son o' Battle.

Four of the outstanding colts of the winter racing season were Justice F., Boo, Sir Harry and Fred Jr. Sir Harry won the Coffroth Handicap; Boo, the Louisiana Derby; Fred Jr., the Mardi Gras Handicap and was second in the Louisiana Derby. They are all nominated for the Fairmount Derby and will have a chance to settle the question of supremacy when they meet at the Collinsville course.

From the Idle Hour Farm of Colonel E. R. Bradley, home of Derby winners, five nominations have been received: Bewithus, Buddy Bauer, Belgenland, Boo, winner of the Louisiana Derby, and Birley M. C.

Mrs. Payne Whitney has nominated Peter Peter, Overlooked, Saxon and Adios, and would be very much pleased to win this race for sentimental reasons, as she is a native of Illinois.

Harry Payne Whitney has named six, including Valorous, Bostonian, Night Mail, Byrd, Afterglow and Whiskery.

Joseph E. Widener won the first Fairmount Derby with Haste, and this year he will make a strong bid for the race with six formidable candidates: Osmand, Chance Shot, Kiev, Laddie, Royal Play and Gormand. Of this lot Osmand is a strong favorite and will be ridden by Earl Sande, the premiere jockey of America.

The complete list of nominations follows:

THE FAIRMOUNT DERBY—$25,000 added. For three-year-olds. By subscription of $25 each; $250 additional to start; . -5,000 added, of which $3,000 to second, $1,500 to third and $750 to fourth. Non-winners of a three-year-old race of the value of $25,000, allowed 5 lbs.; non-winners of a three-year-old race of $5,000, allowed 8 lbs.; maidens, 12 lbs. Starters to be named through the entry box the day before the race by 10:30 a. m. In addition to first money, the winner to receive a silver trophy. Closed March 31, 1927, with 125 nominations. One mile and a quarter.

Candy Blackbird, blk. c, by Black Toney—Some Bird.
Candy Queen, rn. f, by Stefan the Great—Kalavala.
Crystal Domino, b. c, by Flittergold—Lady Clare.
Bowie Clark, ch. g, by St. Henry—Dinawick.

NOT TO HOLD PUBLIC SALE

Col. Chinn to Reduce Establishment by Disposing Privately of About Fifty Mares.

LEXINGTON, Ky., April 9.—Col. Phil T. Chinn today stated that he has decided not to have a public sale of mares here on the day before the running of the Kentucky Derby, but that he will reduce his stud by the sale privately of fifty mares. He is publishing a new catalog, which will be off the press Monday.

He announced that while in New York he sold three geldings to James F. Johnson, owner of the Quincy Stable, and three two-year-olds to Larry Waterbury, and that the horses are now en route from Louisville to New York to be turned over to trainers at Belmont Park. Those sold to the Quincy Stable are: Lunar, ch. g, 3, by The Finn—Moonrose; Mid Hour, br. g, 3, by Hourless—Mexola; Dr. Fred, b. g, 2, by Pandion—Bettie Haynes. The following were sold to L. Waterbury: Penalo, b. c, 2, by Peter Pan—Regalo; Hawes, ch. c, 2, by Upset—Lily Train; Pennyrile, br. c, 2, by Westy Hogan—Sunshower.

While here this week to visit Coldstream Stud and his racing stable at the Kentucky Association track, C. B. Shaffer of Chicago gave sanction to Col. Chinn's proposal that Frank M. Taylor train three of his two-year-old colts until such time as Charles E. Patterson can take charge of them. Patterson is training a big string at Douglas Park, Louisville, a number of which are the property of the Bloomfield stable and others the property of L. T. Cooper. When these horses are turned over to their respective owners Patterson will be able to take on the following three, as well as some others: Col. Drage, ch. c, by Polymelian—Leghorne; Forever After, blk. c, by Eternal—May Blossom; Keeping Time, br. c, by High Time—Tuscan Maid.

BEN IRISH'S TURF SUCCESS

(SPECIAL CORRESPONDENCE)

LONDON, England, April 9.—Mr. Ben Irish, whose recent death is deeply mourned by American as well as English sportsmen, will go down in turf history as one of the few owners to win the Derby at the first attempt. Mr. Irish raced on a very small scale, never having more than two or three horses, and, in the circumstances the achievement ranks as something altogether out of the ordinary.

Mr. Irish's Derby winner, it need hardly be said, was Papyrus, which defeated Pharos, Parth, and others in the principal classic of 1923. Papyrus was purchased as a yearling for $17,500, and after he had finished his racing career was sold privately for between $150,000 and $200,000—the actual figure has never been disclosed. Papyrus was the colt matched against the American Zev, at Belmont Park, in which the visitor, unused to the conditions, was readily beaten. Another good horse owned by Mr. Irish was Periosteum, which cost but $1,300, and won the Ascot Gold Cup. The horse was not, however, a success at the stud.

LEXINGTON, Ky., April 9.—W. Dondas has arrived here from Louisville. His horses are quartered at the Latonia track.

WELL-KNOWN BREEDER DIES

W. T. Woodard of Kentucky Passes Away at Home of His Son Near Louisville.

LOUISVILLE, Ky., April 9.—W. T. Woodard, eighty-five years old, for nearly half a century a nationally known horse breeder and seller, died this morning at the home of his son Dr. R. L. Woodard, on the Upper River road, near this city. He had been ill for a week. Woodard was born in New Castle, Ky., and served in the Confederate army under Gen. Joseph Shelby of Missouri.

He had business headquarters at Lexington, Ky., during most of his career, and held there what was said to have been the first combination horse sales for various breeders in America. For thirty years Woodard conducted annual sales in Chicago and New York, many of them in Madison Square Garden. At one of his offerings, a quarter of a century ago, the highest auction price then recorded, $52,500 was paid for Bell Boy.

Most of the horses Woodard handled were Kentucky bred. He operated with three successive firms, Woodard and Brasfield, Woodard and Shanklin and Woodard and Harbison. His partner in the last named concern, still conducts sales at Lexington for the Kentucky Sales Company.

Mr. Woodard retired twelve years ago and moved to Louisville, relinquishing his racing stables and his farms near Lexington. He is survived by three sons, William Woodard of Lexington, Dr. R. L. Woodard and Dr. H. C. Woodard, both Louisville physicians, and five grandchildren. Funeral services will be held at 3 o'clock tomorrow afternoon at the home of Dr. R. L. Woodard. Burial will be in Cave Hill cemetery.

GAFFSMAN TRIUMPHS

Wins Prince Georges Handicap for Seagram Stable.

Stirrup Cup and Contemplate Finish Second and Third—Myra M. Again.

BOWIE, Md., April 9.—Gaffsman, from the Seagram Stable, of Waterloo, Ontario, and ridden by O. Bourassa, a Canadian jockey, was a cantering winner of the Prince Georges Handicap, the Saturday feature offering here. The race, over the mile and a sixteenth distance, was run over a track that was deep in sloppy mud and worth $3,400 to the winner. Stirrup Cup, from the Greentree Stable, was an easy second and third was the portion of Contemplate, from the Flamingo Farm Stable, while back of him came Aucilla, winner of the Inaugural Handicap on the opening day; Cudgeller, Fly Hwk, Dancing Fool and Wampee in the order named.

What should have been the biggest day of the meeting was seriously marred by the worst brand of weather in a season that has been remarkable for bad weather. During the morning hours there was a heavy snow storm, which later turned into sleet and then a cold rain, until conditions were just about as uncomfortable as could have been imagined. In spite of all this there was a good Saturday crowd that braved it all and there was an aboundance of enthusiasm.

Secretary McLennan had prepared an excellent program for the occasion and when the entries had been made the prospect was that the going would be fast, instead of a deep sloppy strip. As a result of this change there were several withdrawals, but good contests came out of most of the offerings and right through the day the class of the horses engaged was much better than has been the rule.

AWAY TO GOOD START.

Tip Top, Ebuford and Flagship were the withdrawals from the original ones named for the Prince Georges Handicap, and that left eight to try for the prize. Little time was lost at the barrier and the start was a good one, with Contemplate dashing away to set the pace and Stirrup Cup right after him and Aucilla also beat Gaffsman away, although all were in such close order that there was little to choose among any of them.

Going to the first turn the leaders went out a bit and Bourassa was quick to take advantage when he sent Gaffsman through on the inside so that when the back stretch was reached he was galloping along in third place under a steadying restraint. Contemplate was a couple of lengths to the good and Stirrup Cup was another three lengths before the Canadian, but Bourassa was satisfied with his place and made no move.

It was rounding out of the back stretch that Bourassa made his effort with Gaffsman and he took him to the outside of Stirrup Cup and Contemplate, which, by that time were well lapped. It was apparent right there that Gaffsman was to be winner and before the stretch was reached he had circled around. Stirrup Cup tried valiantly to keep stride with him at the head of the stretch, but it was of no avail and Gaffsman simply galloped away from him with his ears pricking and he was being taken up at the end three lengths to the good.

Stirrup Cup was four lengths before Contemplate and the others trailed along in strung-out order.

THIRD SCORE FOR MYRA M.

A companion feature to the Prince Georges Handicap was the Old Dominion Handicap, at three-quarters. It brought out the best sprinters at the course and resulted in the third score for Frank J. Kearns' Myra M., a superior mud runner. She led home C. H. Pierce's The Heathen by a head, while H. G. Bedwell's Senator Norris was right on the heels of the pair.

Senator Norris was a bit unlucky at the start, when he left slowly and was last to be under way. The Heathen and Myra M., on the others hand, left fast and Sunsard was right with them. The three, well lapped, drew away in the early stages and Millwick was going well until he stumbled at the half-mile ground and dropped back badly.

Sunsard did not stay with the pace long and as he tired Myra M. and The Heathen drew out slightly, while Dubois was hard at work on Senator Norris in an effort to improve his position. Millwick was coming at the head of the stretch and it was a pretty race, as they splashed home through the stretch.

Dubois had made a close turn into the straight while The Heathen and Myra M. were well out in the stretch and fighting desperately. This battle lasted all the way and the filly proved the gamer to be winner by a head, while Senator Norris hung under his burden of 121 pounds, but saved third handily.

Here and There on the Turf

Changed Bowie Footing.
That Big Steeplechase.
Austin's Winter Estimate.
Harford Handicap Promise.

While much has been done to improve the footing of the Bowie track and it is probably better than ever before when the weather is favorable, it has become a much more difficult track to run over when it becomes heavy and it takes much longer for it to dry out and become fast again. It was particularly unfortunate that there should come the long wet spell right at the beginning of the meeting, but it served to demonstrate that quality to the racing strip.

The track seems to become deeper in the wet weather and it is more holding than it was when there was a greater percentage of sand in the mixture. Of course, the sand made Bowie rather a difficult track for a horse to gallop over, but rain frequently beat down and packed the sand until it became faster by reason of the wetting. Now, after the rain, it becomes deep and there is a tendency for holes to develop.

The track has always been a problem, and a difficult one, for Richard Pending and he has learned something with each change he has made in the footing. It has been greatly improved from time to time and the fault that is found now, under the severe test that has been made, will undoubtedly be remedied until the going is made uniform, if not for this meeting, for the season in the fall.

Indications are that when the conditions of the big steeplechase prize are finally announced it will be a race of possibly $50,000 value. It was Bayard Warren that made such an immense purse possible when he agreed to contribute $20,000 annually to a cross-country fixture, the details of which he left to sportsmen appointed by the National Steeplechase and Hunt Association.

Before long the details will undoubtedly be made known, but an excellent proposition has been made already and that is that the different associations be permitted to bid for the race, with the one making the best offer obtaining the race. That is reason enough to hope that it will amount to $50,000 with the liberal Warren award and the funds that will come from nominations and starting fees.

And it has also been suggested that for the initial running the distance be fixed at three miles. There has been a tendency in this country to have steeplechases over short distances. Two miles is a favorite route and the two and a half mile gallop has been considered a long race, while prizes for a greater distance are rare indeed.

A prize of the importance of this new race should be for a test that calls for all that is best in the steeplechaser and it is intended, if possible, to increase the distance over three miles in subsequent runnings. There is no good reason why the race should not grow to an importance, and a value in this country, that would equal the Liverpool Grand National at Aintree, which for so long has been the greatest of all the cross-country fixtures. It is a race that cannot fail to do big things for steeplechasing. It will encourage sportsmen to put better horses to steeplechasing than ever before and it will also encourage the importation of the best foreign jumpers obtainable. Without the incentive of such a race, there have been importations of importance from time to time. Then such a prize will induce the shipment of horses from the other side to try for the prize. The American sportsmen have been liberal patrons of the Liverpool Grand National and it is assured that both English and Irish sportsmen will try for such an American offering.

Ed Austin, the veteran handicapper, has furnished William McG. Keefe of the Times-Picayune of New Orleans with his estimate of the horses that performed at that city during the winter months. There may be some who disagree with Mr. Austin's estimates, but he has had an experience that makes his views of real interest.

This is the Austin estimate of best horses in various divisions: Handicap division, Cotologomor, sprint, Noah; three-year-old, Boo; two-year-old, Sport Hallahan; claiming (distance), Golden Billows; claiming (sprint), Tester.

Meritorious: Broadway Jones, Fred Jr., Old Slip, Justice F., Balboa, No Regrets, Superfrank, Long Point.

There will be argument as to the reason for putting Cotlogomor over Broadway Jones in the handicap division, while many will take exception to the placing of Boo over Justice F. in the three-year-old division, but this is the way they shape up to Ed Austin and he was on the grounds and is a shrewd judge.

Boo never met Justice F. and up to the time the Daniel three-year-old was sent to Tijuana he appeared to be the best of the three-year-olds that raced at the Fair Grounds. True, Boo appeared to improve as the season progressed and the victory in the Louisiana Derby gives him a big importance. Then it must be admitted that in the $50,000 New Orleans Handicap Cotlcgomor was in receipt of much weight from Broadway Jones and, until that running, the Bradley horse stood alone in the handicap division. But, with all that, the Ed Austin estimate is of real interest and it affords an excellent chance for interesting discussion.

This $10,000 Harford Handicap, which is to begin the Havre de Grace meeting next Saturday, promises to bring to the post one of most notable fields that ever raced for the prize and it will be remembered that the same prize went to that sterling sprinter, Billy Kelly, three years in succession and that he was beaten by Exterminator in 1922. Noah, the best sprinter at New Orleans during the recent meeting, was winner in both 1925 and 1926 and the name of many another good one is found in the roster of winners.

But, for the running this year, are found among the eligibles such horses as Croyden, Whiskery, Afterglow, Pandera and Pantella from the Whitney string; Walter J. Salmon's Flight of Time, the Rancocas Stable's Silver Fox, Sweepster, Sankari and Cheops; Max Hirsch's string of The Satrap, Terry, Nicholas and Social Mug, William Woodward's General Lee, E. F. Whitney's sterling old campaigner Joy Smoke and many another of the first quality.

It is not expected that all of the stars will be on hand, but it is known that various of them have been coming along smartly for the running and there will surely be a notable field when the horses are called to the post.

Sweep's Selections

At Bowie

One Best Bet—SUN RAJAH—in the Fifth Race.

The Magnolia Purse, a mile and seventy yards affair, for three-year-olds, is the best number of a mediocre card at Bowie Monday. This contest has attracted a field of six good platers and appears to be an open race. Long View, Pop Bell and Faddy are the high weights of the party under imposts of 105 pounds each. Keydet and Red Spider follow under 102, while Signola, the only other starter, will carry 100 pounds. The rest of the races contain the claiming clause and few good horses will be seen under colors. The return of bad weather and track conditions is largely responsible for the poor program.

FIRE FAIRY—SLEEPY TIME—ANNE MINOR.

FIRE FAIRY, beaten a nose by Little Broom last time out, had all the worst of the breaks on that occasion. The Wilson filly was bothered repeatedly by the winner and, although a foul was claimed, the protest was not allowed. With better racing luck here, the daughter of Campfire should not miss. SLEEPY TIME raced well back of Titter in his only local effort and merits consideration on that showing. He carries 122 pounds, however, and that weight may stop him. ANNE MINOR was a trifle short in her recent race and tired in the final drive after being close to the pace for three-eighths. She is in the hands of an excellent trainer and will go to the post fit and ready.

WILD ASTER—TEN SIXTY—MARK MASTER.

WILD ASTER, a cantering winner of his last out, picks up but a pound here and will be hard to beat. The old son of Ultimus is at his best in heavy footing and has gone well in both of his starts at this course. TEN SIXTY could not match the speed of Long Point in their last meeting, but showed plenty of speed in the going and is well suited at three-quarters. She has KING O'NEILL II. as a running mate and the latter is a dangerous horse in his best form. MARK MASTER has drawn the inside post position and has run some good races in heavy going. He may be the one to surprise.

NORTH BREEZE—SPUGS—JACQUES.

NORTH BREEZE, twice defeated by the narrowest of margins, should win his first race of the meeting here. The son of Burtonsville is more consistent than his opponents and is fit and ready. The weight of 111 pounds should not bother him, and young Watters will have the mount. SPUGS, the veteran plater which races for F. J. Kearns, is a strong finisher and should be among the first three at the wire. It is doubted, however, if he can lead NORTH BREEZE home over the mile and seventy yards route. The son of Charles Edward favors a longer distance. JACQUES will probably be in front part of the way, but he was tiring badly in all of his recent races at this track.

POP BELL—RED SPIDER—SIGNOLA.

POP BELL will favor this distance more than the three-quarters of his last out, when he finished with a rush to be third. This fellow is at home in heavy footing and drops nine pounds from his last race. Although beaten by RED SPIDER earlier in the week, the son of Donnacona was gaining on his opponent at the end and should reverse that decision here. RED SPIDER is a consistent performer and may be well up all the way. He has shown a disposition to tire after going three-quarters, however, and will do well to finish in second place. SIGNOLA won two races at this track last fall and is by no means outclassed. She is in light and will favor the going. Her latest works have been easy trials and, while she showed good form, she did not display enough speed to warrant the belief that she will turn the trick at the first asking.

SUN RAJAH—ED PENDLETON—FLEETWOOD.

SUN RAJAH should not fail if the track is still deep and holding at post time. Although only a plater, this Sun Briar gelding is dangerous against the good ones in the mud. He has won both of his local starts with ease and picks up but two pounds over his latest triumph. He is meeting faster horses here, but appears to be the outstanding wager of the day. ED PENDLETON showed surprising speed in his recent score and should be among the first three at the finish. He is a stout finisher and can run in the going. FLEETWOOD was a close second to Lancaster in a recent race and would have won in another stride.

TONY BEAU—JUST—HARLAN.

TONY BEAU was moving up with a rush in his last race when he was knocked back at the stretch turn and could not recover in time to finish in the money. That was his first start in some months and he should be in better condition for this contest. The old son of Tony Bonero favors the footing and can carry the weight. JUST has twice finished in the money at this meeting and drops three pounds from her last start. Owner Trover has the old daughter of Dalhousie in good condition and she can negotiate the footing. HARLAN is inconsistent, but has plenty of speed when in a running mood and cannot be ignored.

MERCEDES E.—TIPPERARY MARY—SANDSWEPT.

MERCEDES E. picks up but three pounds over her easy victory of last Wednesday and should repeat. The Star Hawk filly has all of her speed these days and favors the distance and track conditions. TIPPERARY MARY showed good speed in her score Friday, but was no match for MERCEDES E. in their last meeting and does not figure better than second. SANDSWEPT finished fast back of Mariner and Cross Word Friday over the three-quarters distance and should go well at this distance.

ARRANGING 'CHASE DETAILS

Committee Working on Conditions of New $20,000 Stake.

Penalties and Allowances May Govern in Order to Attract Entries from Abroad —Captain Crawford's Suggestion.

NEW YORK, N. Y., April 9.—The committee of the board of stewards of the National Steeplechase and Hunt Association, to whom has been assigned the task of arranging the new steeplechase made possible by Bayard Warren and the generous co-operation of a group of sportsmen that wintered at Aiken, S. C., are making most satisfactory progress. Many details for the race, which now promises to be the richest prize for steeplechasers in the world, have been completed.

The $20,000 guaranteed by Warran and his friends is, of course, assured, and indications now are that the value will be increased considerably. From all parts of the country have come requests for particulars regarding the subscription from those interested in cross-country racing, with many expressing a desire to take part in the race, confident that it will uplift steeplechasing as a whole. This outside interest should send the value over the $20,000 now assured.

The plan of the committee to run the race at the course of the association offering the most generous purse to be added to the subscriptions, together with the entrance and starting fees added to the purse and donations, will bring the gross value to a total greater than has ever been awarded for a race through the field. Some estimate that the grand total will be more than $50,000.

FIRST RACE AT THREE MILES.

The question of distance has been discussed and while no definite decision has been made it is agreed that the best results will be obtained by making the initial running three miles. The distance may be increased for subsequent renewals.

Much thought has been given to the conditions for the race as the desire is to frame a race that will please the greatest number. Handicaps have their advantages and also their disadvantages, and the thought at present is to provide for penalties and allowances calculated to prove more satisfactory both in this country and abroad. With the latter plan owners in England, Ireland and France would certainly be better pleased, for they would know just what weight their horses would be asked to carry and be guided in their plans thereby.

With a handicap they would be wandering in a maze. They would naturally be compelled to ship their horses over a long time before the allotments could be made, and it might be that when the weights were announced they would take the view that they were assigned an impost that would mean little chance of victory. The uncertainty in this respect would have a tendency to keep many at home.

FOREIGN OWNERS CONSIDERED.

Captain Crawford, one of the keenest students of racing in England, recently discussing the race at Aiken with some of the committee in charge, assured them that a generous representation would be sent over, provided the race was over a long distance, and owners knew just what weight their horses would carry. His interest and promised support in making the race a great international event, together with the appreciation of his valued suggestions based on his long experience with turf matters abroad, will be considered in the final adjustment of conditions. The present inclination seems to be to defer to every practical suggestion that will tend to please foreign owners and trainers and give the even an international aspect, thus increasing the importance and general interest among the lovers of cross-country racing in this country.

Joseph E. Davis, F. S. von Stade and Henry W. Bull, who have been commissioned to work out the details for the race are practical racing men, and their chief thought is to make the race a sporting event in the true sense of the word.

GIFT TO AUSTRALIAN TURF

LONDON, England, April 9.—The king has given a gold cup for competition at the Flemington special race meeting in honor of the Duke and Duchess of York, states an Exchange message.

The announcement has aroused great enthusiasm in racing circles there, as it is pointed out that no reigning monarch has ever before accorded his patronage to the Australian turf in this manner.

The Victoria Racing Club intends to add a stake of $6,150 and the race will probably be a handicap over a mile and a half, which will allow wide scope for competition.

PASSING OF M. C. MOORE

LOUISVILLE, Ky., April 9.—Local horsemen regretted to learn of the passing of M. C. Moore, the popular colored owner, at his home in Dayton, Ohio. A decade ago Moore owned some good horses which were trained by Will Perkins. Among the better ones were Clubs, winner of the Louisville Cup at Douglas Park, and Marion Goosby.

BREWSTER MUCH IMPROVED

LEXINGTON, Ky., April 9.—The condition of "Tige" Brewster, a veteran horseman, is so much improved that he has been removed from a local hospital to his home.

WENT TO POST—2.33. AT POST—3 minutes.

Start good and slow. Won handily; second and third driving.

TILLIE improved her position on the outside and, coming with a rush through the stretch, passed CANDYMAKER in the final drive. The latter raced forwardly from the start, moved up fast after entering the stretch and, taking the lead, raced MUSKALLONGE into defeat, but could not withstand the rush of the winner. JOAN SHIRLEY closed a gap, saved ground on the turns and outgamed CHICKVALE at the end. The latter closed a gap and finished fast. MUSKALLONGE tired after setting a fast early pace. CHEF-D'OEUVRE saved ground on the turns. FORGET ME NOT quit badly.

GAFFSMAN TRIUMPHS

(Continued from first page)

Cheap platers met in the six and a half furlongs of the first offering and it produced an excellent contest when D. L. Richards' Tillie, after closing a big gap was along to the R. T. Barker's Candymaker with Frank Herold's Joan Shirley saving third from Mrs. E. Martin's Chickvale.

Muskallonge was the one to cut out the early pace but he was soon joined by Candymaker and before the stretch was reached Candymaker had the old fellow put away and as he swung for home he looked all over a winner. Then in the final eighth Tillie closing with a great rush swept up on him to come on by and be home the winner by a length. Candymaker in his run drew out three lengths before the others of which Joan Shirley proved the best.

Benjamin Block's Mordine, which met with some misfortune in his previous start at the meeting, was an easy winner of the half-mile dash for two-year-olds that was the second offering. In this race he left the post running while in his previous start he had jumped in the air and he never left the result in serious doubt. Skavar and Maurice were heading the others away from the barrier and these dominated the running throughout. After rounding into the stretch safely in front Mordine was permitted to step right along and at the end was four lengths clear, while Skavar in a driving finish outgamed Maurice to take second place by a nose.

William Maher's Reprove closed some ground to be fourth but she was three lengths back of Maurice, while Linen King, a recent winner was so soundly beaten that he was eased up in last place.

H. Stark's consistent plater Grand Bey, found the sloppy going much to his liking and was winner of the mile and seventy yards of the sixth race. T. W. O'Brien's Forecaster raced to second place, and third was the portion of E. P. Summerfield's Hedgefence, a discard from the Greentree Stable, which was winner of the Tijuana Derby of two years ago.

Forecaster, by reason of his unruly post actions, was moved to the outside of the field at the barrier, but even there he misbehaved so that there was a long delay before an alignment could be effected. The start was a good one and Emery quickly went into command with Grand Bey and his mount was good enough to hold the command throughout. Forecaster circled around on the first turn and was second throughout, and Hedgefence closed some ground to be third.

TROY CHEMICAL CO.
$5.50 a bottle Binghamton, N. Y.
Druggists sell and guarantee "Save-the-Horse," or we mail it direct. It's CHEAPEST, helps horses most and quickest.

South Covington, Ky., Feb. 22, 1927.
Troy Chemical Co.,
Binghamton, N. Y.
Dear sirs:

The party I sold "Carpenter" to brought him from the farm yesterday.

The boys at the track had not seen him since last October and the condition of his legs caused a mild sensation. They are almost as clean as the day he was foaled, just a slight bunch on the outside of his right foreleg. He is as limber as a yearling and trots free and sound.

The drug stores sold four bottles of Save-The-Horse within an hour after the horse arrived on the track.

Save-The-Horse surely does the work when properly applied and with a little common sense.

Yours truly,
WM. STUEVE,
106 East 32nd St.

"HARVEY TRANSACTION" TODAY

Subscription $100 in advance by telegraph, or in person.

Attention is drawn to the fact that Saturday's horse started for the first time on Saturday and won, which further proves that this office never guesses, or substitutes, and again demonstrates the superiority of this service. As we have often stated—"there are days and days" and to KNOW THE DAY is the acid test of turf information.

A REAL OPPORTUNITY
TO GET IN ON A MONEY-MAKING DEAL

On account of the death of the owner of the horses I am training, the heirs have decided to dispose of all stock and have made me an exceptionally liberal offer to acquire this stable of horses.

These horses won in purses seven thousand ($7,000) dollars at the recent ninety-day meeting at Havana, Cuba (see Racing Form, March 27).

This stock is now at Aurora, Exposition Park, ready to start racing opening day, April 21. I want a few parties to invest one hundred ($100) dollars or more to join me in the purchase of this stable. Will be at Morrison Hotel, Room 1162, Chicago, every evening to go into details.

Good News for You

A BIG GET-AWAY LONG SHOT GOES AT BOWIE and this is the kind you can't possibly afford to pass up. Propositions like this seldom miss. I am giving you plenty of advance notice, so you can arrange to take advantage of it. Get your friends together if you can't handle it yourself.

This horse comes from a stable that has already proven that they are on a winning streak and only send real, live horses to the post.

I EXPECT $25 FOR EACH $2 TICKET on this horse, and my personal opinion is that the horse will not even be extended to win this race. That's how good it appears to me, Mr. Player.

TAKES PLACE WEDNESDAY, APRIL 13 and I HAVE ALL THE INFORMATION AND DETAILS READY TO SEND TO YOU IMMEDIATELY.

My terms are: Nothing in advance, but just your honest promise that you will send me the winnings of a $10 straight play after you collect from your bookmaker. To get this information, send me at once, without delay, your name and correct street address, as well as your promise you will keep this agreement. Play square with me, boys, and I will see that you get three or four straight winners when I get over at Havre de Grace.

GEORGE W. LAWTON

The edition recently off the press contains the ratings of horses in training on eastern tracks corrected to the last race previous to publication. Free with one year's subscription of THE NEW YORK PRESS.

Drags Hidden Long Shots Out of the Cave

For twenty-one years the LAWTON RATINGS have been acknowledged to be the most accurate means of determining the comparative merits of running horses ever devised. Never before has Mr. Lawton consented to the publication of this list.

A perfect tie-up of the RATINGS contained in this book with corrections to the last race of each horse printed each week makes this book a perpetual record.

Once this book is in the hands of the horse player, he is equipped to make his own selections for any race on any of the eastern tracks in the United States.

With the weekly corrections contained in each issue of THE NEW YORK PRESS, every race will be handicapped for the owner of this volume. The amount spent for this volume will furnish the owner with a list of selections daily.

Selections from this list have been furnished for twenty-one years without a losing year.

STEEPLECHASING POPULAR

Many Americans at Grand National Striking Evidence.

Growth of Interest in This Country Reflected In Strengthened Program by Various Associations.

NEW YORK, N. Y., April 9.—It is estimated that 500 American enthusiasts of cross-country sport went to England to see the recent running of the Liverpool Grand National at Aintree. They were only a unit in the quarter of a million devotees of the turf of both sexes who cheered Sprig as he headed Bovril II. and Brights Boy in the last and most bitterly contested stage of the race, whose popularity is attested by the fact that it has been run continuously since 1839.

The presence of so many Americans at the Grand National was not entirely due to the fact that a number of the contestants for the great jumping classic carried the colors of owners from the United States, though that fact played its part beyond a doubt. It was rather an indication of the growth of popularity of cross-country sport, which has held its own in many parts of the United States and Canada, despite the scant encouragement given it at times.

That this interest is on the increase is indicated by the gradual strengthening of the programs of those associations with steeplechase courses, and it is accentuated by the proposal of Bayard Warren and his friends to endow a new race. Their offer of $20,000 for three years should have the effect of bringing into racing a lot of new and desirable patrons. At the end of that time there should be enough sporting spirit in the country to make the fixture permanent.

ENCOURAGING RESPONSE.

The manner in which the recent jumping stakes of the Westchester Racing Association and the Saratoga Association for the Improvement of the Breed of Horses closed, has been most cheering to the respective managements of these popular organizations, where the best of the cross-country horses have been catered to season after season. More and better horses have been named for such classics as the Appleton Memorial and Brook at Belmont Park, and the Saratoga Steeplechase, the latter the chief feature decided during August at the Spa.

It is at this latter point that Americans will have their first glimpse of the noted German jumper Laufjunge, entered by Count Helldorf for all the cross-country fixtures at Saratoga Springs. Aside from the fact that this will mark the initial endeavor of a German sportsman in the United States, there is interest in Laufjunge himself, which is by the French horse Nuage—Line of Life, by Sweetheart. Nuage is a son of Simonian and Nephthe, by Flying Fox, while Line of Life is by Sweetheart, a son of Peter—Lady Palmist. Line of Life was brought to this country by Frank Keane more than twenty-five years ago and raced with considerable credit. She finally passed to J. L. Holland, who sold her to P. T. Chinn. She was one of a draft of mares sent to Germany in 1912 by this enterprising turfman.

FIFTY-TWO ENTRIES.

There are fifty-two entries for the Charles L. Appleton Memorial Cup, which will be the first of the big steeplechases of the season at Belmont Park. Not the least interesting fact in connection with the nominations for the Appleton is the naming of five of his best horses by F. Ambrose Clark, who has not been prominent to as great an extent as in the period when he owned and rode some of the best steeplechasers this country has known. It will be recalled that he beat the best of the professionals on Jim Megibben. Mr. Clark is the largest nominator for the Appleton Memorial, next to Joseph E. Widener, who has six entries. The popular Greentree Stable and the newer Sewickley Stable each have four candidates.

Because of the widespread interest manifested in the race, which was named in honor of one of the best-known sportsmen this country has ever known, the entries for the Appleton Memorial are given in full; the nominations in the name of Charles V. Cushman, two in number, are left in blank, as the pedigrees for the horses have not yet come to hand. They are from across the water and impressed those who saw them on their arrival here a month ago on the Minnetonka.

The following are the conditions for the Charles L. Appleton Memorial Cup Steeplechase, $10,000 guaranteed, for four-year-olds and over. By subscription of $50 each. Starters to pay $250 additional. Guaranteed cash value of $10,000, of which $2,000 to second, $1,000 to the third and $500 to the fourth. About two miles.

The nominations are herewith presented:

TURF NOTES FROM BOWIE

BOWIE, Md., April 9.

D. L. Rice was permitted to withdraw, without payment, Dancing Fool from the sixth, a claiming race, because of the fact that his owner elected to accept in the feature event.

R. Peternel enjoys the lead in the race for the gold medal which the Bowie Association has annually offered to the jockey riding the greatest number of winners at its meetings.

Lassa bruised himself when cavorting about his stall during the morning and was excused from his engagement in the fifth race as a result.

Forecaster and Canister were consigned to the schooling list after their erratic conduct at the gate in the sixth race.

Word was received from New York of the recent death there of William McGurn of Sedalia, Missouri. The deceased was prominint in Elkdom and an honored member of the Thursday Nighters. The latter organization cared for the interment. He was a familiar figure on New York and Maryland tracks for many years.

BREEDING REGISTRATION

The following are the foals reported to the Breeding Registration Department of Daily Racing Form April 9:

April 7—Bay colt, by Paragon II.—Queen Mab, by Sunstar.

Breeder of above foal, Sanford Stud Farms, Inc.

MAIBEN TO RIDE AT HAVRE

BOWIE, Md., April 9.—Jockey J. Maiben kept to the shelter of the jockey quarters, wearing the upper joints of one of his little fingers in splints, the result of his accident of closing day at Miami. A Florida physician assured the veteran riding star that he had escaped with bruises, but closer examination upon his recent arrival here revealed a broken last joint. It has proven occasionally painful, but has not interfered with his work. Maiben will become more active with the arrival of the T. J. Healey division of the W. J. Salmon and R. T. Wilson strings at Havre de Grace next week. The divisions which trainer Jack Pryce has been campaigning will be sent to the Harford track next Tuesday.

TO RIDE JEFFORDS' HORSES

BOWIE, Md., April 9.—Jockey Frank Coltilletti was a visitor. He is under contract to W. R. Coe for the coming eastern season, but since that establishment will not show its colors until Jamaica, Coltiletti has been granted permission to ride at Havre de Grace for the W. M. Jeffords' string, which is now there in charge of Scott Harlan.

INTERNATIONAL CELEBRITY

Crack Colt Apelle Now Owned by American Sportsman.

Son of French Horse Srdanapale and English Mare Angelina Was Bred in Italy —Conqueror of Highborn II.

(SPECIAL CORRESPONDENCE)

LONDON, England, April 2.—Much interest will be imparted to the international character of racing in this country this year under Jockey Club rules by the appearance of the former Italian-owned Apelle, which was rather a celebrity, as gauged by the present-day Continental standard, last year. Thus after winning the Grand Prix at Milan, he was dispatched to Paris to take part in the race of the same name at Longchamps, a week later, and he there distinguished himself by making the running at a hot pace for over three-quarters of the way.

It was reported of him, too, that his railway journey from Italy had taken hours beyond scheduled time, and as the Grand Prix de Paris, run over a mile and seven-eighths in mid-summer, is a searching race for a three-year-old under the most favorable conditions, considerable merit attached to Appelle's performance.

COSMOPOLITAN COLT.

He was eventually bought by the American sportsman, Mr. R. McCreery, who is very well known on this side and the colt is now, I think, at Stockbridge, so that now we have to speak of Apelle as being owned by an American, bred by an Italian and trained by an Irishman, while the colt is by the French sire Sardanapale, out of an English mare, Angelina.

Signor Tesio, the breeder of Apelle, is a familiar figure in English sales paddocks. Owner of probably the most important stud in Italy, which shelters some of the choicest-bred mares, mostly of English descent, he has mated these year after year, with the best sires in this country and in France, with very successful results. Thus, the number of times he has won the Italian Derby runs into double figures, and other classic prizes galore are written to his name.

Some have been won, too, by the produce of mares bought for very low prices. One such matron, Chin, by Laveno, and the dam of one of the Signor's Derby winners, was picked up at Newmarket for $350. A yearling purchase of his, for $1,050 a filly by Bridge of Earn out of Dutch Mary, by William the Third ex Pretty Polly, became another classic winner. Likely enough, some of these races were of small importance, but Signor Tesio has also carried out successful invasions beyond the Italian border.

BEAT HIGHBORN II.

Two years ago, at Baden, his home-bred horses of English descent galloped the German opposition "off the course" in a manner of speaking—this achievement at once inspiring German breeders to seek to replenish their stocks from the British Isles—while last year Apelle went to Masons-Laffitte and beat Highborn II.

The newcomer to English racing is by Sardanapale out of Angelina, the latter by St. Frusquin ex Seraphine, by Cyllene. Some of the Sardanapales have been of fiery temperament, and there was suggestion of Apelle having mastered his jockey, notwithstanding the troublous journey from Milan, where he set out to try and win the Grand Prix de Paris from end to end. He then finished fourth, very close up, but in justification of the contention that he ought to have done better, a much inferior stable-companion was fifth.

In the autumn, however, and when the colt had changed hands, a venture over a mile and a half revealed Apelle to greater disadvantage. Along with the Grand Prix winner, Take My Tip, Asterus, and the stayers Tomy II., Priori II. and Asteroide, he was beaten very easily by Biribi, second to whom was Dorina, the last named a mare who came over to Newmarket for the One Thousand, and was much fancied, but could only show three-quarters speed.

Yet this same Dorina, after losing the French One Thousand to Mackwiller, won their Oaks just as easily, and some of the three-year-old form across the water was confusing to even its most attentive students over there.

The best of Apelle's, however, created a very favorable impression, and if, like Asterus, he is a little excitable, it may be remembered that Sir Gallahad III. had the reputation of being difficult to restrain when he was a three-year-old, but was quite well behaved the following season. Presumably, Apelle will go for races at a mile and a half and upwards, and it will be interesting to see, in the event of both competing, what manner of lead, if any, he could give to Coronach in the Coronation Cup.

ANSWERS TO QUERIES

Communications without names and addresses will not be noticed nor answered. No answers will be sent by mail and none by wire unless reply prepayment is made at time of wiring query. Betting papers will not be calculated.

G. A. B., Chicago: In 1923, Tester, then a two-year-old, ran all his races as the property of the Rancocas Stable. In 1924 he raced for the same stable up to and including September 22, when he won the Harmonicon Highweight Handicap for it at Aqueduct. His next start in a race after that was as the property of J. F. Richardson at Empire City, October 30.

O. W. P., Chicago: As the first race was run at Tijuana March 31, there was no "Mission Hills entry" in it and any wagers on that entry were draws.

Harry A., Denver, Colo.: In such a case as the one described, the bet would be a draw. It would go on the entry with the named horse to go or no bet.

F. J. C., El Paso, Texas: Hats Up was raced at the Tijuana meeting of 1924-25. He was taken there and raced by his owner, W. E. Applegate, and was not a "ringer."
